

## Litoral Sauvignon Blanc 2019

### Denomination of Origin

Leyda Valley is a small sub-region of the San Antonio appellation in Chile, just 70 miles (112 km) west of Santiago, the Chilean capital. This area is singled out as being Chile's newest and most radical cool climate wine region, which is strongly influenced by the cooling effects of the Humboldt Current that flows up the country's west coast from the Antarctic.

### Terroir

**Climate:** Its closeness to the sea ensures a wonderfully cooling summer breeze that everyday whips across the vineyards from 12pm to 4pm, moderating temperatures. This factor combined with a high humidity level (50%) enhances the fruit flavors.

**Soil:** We have a combination of two Terroirs (Granitic and Alluvial). The granitic soil type has an approximate depth of 16-23 in. (40-60 cm) with a structure of sandy loam, yellow color, until it breaks through a vastly fractured parent material with abundant granitic quartz rocks, where we find the root structure.

### Vineyard

Vertical shoot positioning. Canopy management with 18 shoots per meter to protect fruit exposure (less than 15%) and enhance freshness. Two bunches per shoot.

### Yields

7 tons per hectare

### Vintage

The summer season was warm and dry. Sunny days, with a low night temperature during February and March. this caused the wines to obtain a very good acidity and freshness.

### Tasting notes

Litoral Sauvignon Blanc is intense and refreshing, with notes of Ruda, lime, grapefruit and passion fruit. In mouth it is wide, with a medium palate tasty and deep, vibrant and with an end of mineral notes, that give elegance.

**Winemaker:** Stefano Gandolini

## Limited Production

**2,388 bottles**

### Aging

100% stainless-steel tanks, over the lees for a period of 3 months.

### Filtering

Sterile membrane filtered

### Basic Analysis

Alcohol: 13.9°

pH: 3.02

Total Acidity: 7.70 g/l

Volatile Acidity: 0.43 g/l

Residual Sugar: 1.15 g/l

Dry Extract: 21.50 g/l

CO<sub>2</sub>: 480 mg/l
